GCIV Global Lunch Forums are a great way for you to interact with fascinating international visitors. The speakers are participating in U.S. Department of State professional exchange programs. These distinguished guests review their work over lunch, giving you the opportunity to engage in open discussion with people who are leaders in their fields from around the world.

On August 31st, **Mr. Edward George** will discuss the arts in the United Kingdom. He is the Associate Director of the Bernie Grants Arts Centre in London. Mr. George is also an artist, director, writer, performer who employs his art to help improve the lives of those who live in poor, urban areas.

While participating in the U.S. State Department's International Visitor Leadership Program in Atlanta, Mr. George will examine art organizations that effectively use the arts to meet cultural, social, and economic challenges. He will also meet with cultural leaders who are promoting community cohesion and regeneration through the arts to share ideas.

This lunch forum is a brown bag lunch, so bring your own lunch or order a boxed lunch from GCIV in advance.
